Casa textures

This Casa range offers you four attractive acrylic textures to bring out the beauty of your walls and create the ambience you have always desired in your home.

Casa fine texture:

A blend of fine marble aggregates. Offers a subtle, slightly rough, fine sand texture.

Casa medium texture:

A blend of medium to coarse marble aggregates. Offers a rough medium texture.

Casa coarse texture:

A blend of coarse marble aggregates. Offers a sharp coarse texture.

Casa multi texture:

This is a blend of special resins and thickening agents that results in a smooth and rounded textured pattern.

Characteristics of Casa textures:

- UV and weather resistance. It will provide durable protection that lasts for many years.
- A flexible formulation with excellent adhesion properties.
- Covers hairline cracks and helps to hide surface imperfections.
- Masking unevenness both with the plaster or the wall.

Paint system:

- Casa water borne primer or Casa tex primer.
- Casa textures (as per your choice)
- Contex topcoat (where needed)
